Teamster's Life Saved

Writes a Letter That is Worth Reading Very Carefully.

Peterman Olinbert Co., Inc., Buffalo, N. Y.: I was afflicted with a very severe sore on my leg for years. I am a teamster. I tried all medicines and salves, but without success. I tried doctors, but they failed to cure me. I couldn't sleep for many nights from pain. Doctors said I could not live for more than two years. Finally Peterman's Ointment was recommended to me and by its use the sore was completely healed. Thankfully yours, William Hagan, West Park, Ohio, March 22, 1932. Care P. O. Box 121.

"Peterman says: 'I am proud of the above letter and have hundreds of others that tell of wonderful cures of Eczema, Piles and Skin Diseases. Peterman's Ointment is so certain a cure for the above diseases that I don't need a broad minded druggist in America that won't praise it. Mail orders filled by Peterman, Ointment Co., Inc., Buffalo, N. Y. Kalle & Pollard or Scott-White & Co. will supply you.—Adv."

Mayor Charles Davis within the next few days will recommend to the city council that an ordinance be passed requiring the mayor and city council each year to submit their yearly budgets at a public hearing before they are adopted.

"If the people are called to a public hearing," said the mayor, and have each item on the budget explained to them, they will have a chance to make recommendations or protests and they will better understand how the city's money is being spent."

Council Hears Detention Home Plan Of Women

A bond issue for \$22,000 to build a home for delinquent girls was proposed at a joint meeting held Tuesday between the city council and a committee of women working in the interest of wayward girls.

Another Meeting Planned. The county commissioners were unable to meet with the city council and the committee of women workers, so it was announced that another meeting would soon be held.

When the women mayor Charles Davis to inform the council for the city to build the home and maintain it. The mayor said the city could not stand the expense. He said it looked as if the tax rate next year would be \$2.50 as against \$1.50 this year.

The mayor said, however, that he believed a home for girls was needed and he was willing to help all the could toward getting it established.

City councilman W. T. Griffith suggested a bond issue as the people could pay for themselves whether they wanted to spend their money for such an institution.

Women Outline Program. Mrs. O. A. Griffith, chairman of the women workers, said she believed the city and county officials could work out a program by which the home could be built.

Major Davis reminded her that only a few girls were interested in the clinic compared to the vast number of persons taking daily treatment who would be unable to go 21 miles down the valley.

Chief of police Montgomery suggested that the county donate 25 of the 100 acres at the poor farm. He said the poor farm was only using 10 acres of the 100.

Where the word "Victrola" came from

The word "Victrola" was made up by combining a portion of the word Victor with a portion of the word "viola".

It was originated and trade-marked for the specific purpose of distinguishing products of the Victor Talking Machine Company.

The word "Victrola" is a trade-mark fully protected by registration in the United States Patent Office. Its use or application to other than Victor products is not only misleading, but it is against the law.
